spreading the word about the Southeast's best kept secret.

GPRA Update 1/10/2020

Dear Great Pyrenees Friends,

2020 has started off with a bang!!! Our rescue Astra gave birth to 9 puppies (5 boys and 4 girls) a few days ago and our all star adoption team member, Sabine, has taken on the heroic effort of birthing the pups and taking them through the 8 week period before we release

them to adopters.

We have less available PYRS for adoption than in recent memory yet we have a long list of shelter dogs and owner surrenders waiting to come in. We are taking 5 PYRS in over the next few days and are hopeful more foster families step up as many on our list are young, easy PYRS who are being surrendered due to financial issues or family illness.

We recently shared stories about both our senior 3 legged Salt and Frejya who was shot in the head with an arrow. We are happy to report Salt has been adopted by a wonderful family and Frejya is doing fantastic with her foster family. The human kindness we see with our GPRA team, fosters and adoptive families is often overwhelming.

GPRA celebrates 10 years starting in February and we can't thank enough the thousands that have been involved.

Thank you,
John
GPRA President and Founder

2020 Calendar

These special anniversary calendars are now available and include 10 years of GPRA alumni pictures.
