GPR Update - 2/25/2019

Dear Great Pyrenees Friends,

To say 2019 has started off with a bang is an understatement. Our fabulous group has been rescuing a PYR A DAY and we are now in the 50's already this year!!! GPR has been like a highlight film with #1 being the story of McKinley. We rescued McKinley from a Georgia shelter just a few weeks ago. Two days after her initial exam by our vet, McKinley was adopted by a wonderful couple from Stone Mountain with four grandchildren. Lynn and David subsequently sent GPR pictures that clearly displayed they were "over the moon" with their new addition. Three weeks later, they brought McKinley to our vet to be spayed. Upon examination and after x rays, our stellar vet, Dr. Bonny, announced that McKinley was pregnant with 12 puppies that were due in a week or two!!! Well, it's been a week and Dr. Bonny was wrong. McKinley had 13 puppies from Friday afternoon to Saturday morning. Our wonderful fosters, Stephanie and Geoff, are nurturing mom and puppies until McKinley can return to Lynn and David.

As a bonus, we are including a video of Poppy's six new puppies. In addition, we took in 7 year old blind Goldie within 24 hours of having her second eye removed and she is thriving on one of our best foster's farm.

Gentle Giants in the Park will be the biggest and best ever on SATURDAY, April 27th. More to come.

Thank you,
John Heldrich
