spreading the word about the Southeast's best kept secret.

GPRA Update - June 30, 2017 - Special Arrivals

Dear Great Pyrenees Friends,

Many of you may be aware of a recent horrific hoarding situation in northern Florida. I will not go into the specifics but an invalid woman passed away leaving over 80 Great Pyrenees in horrendous condition roaming her property. Multiple rescues around the country are taking the PYRS including GPRA. Dee and Stephanie brought in four PYRS yesterday that will be fostered by three of our very best - Sherry, Robyn and Hugh. View the video of 9 year old Memphis and imagine the life he must have had to this point. We have also brought in Misha, Mckinley and Malia.

Please [let us know](#) if you are interested in adopting and we will provide more information as we get to know them and, as always, donations are welcome.

Thank you,
John Heldrich
