## GPRA Update - July 20, 2017

Dear Great Pyrenees Friends,

We have the most remarkable fosters but we need more. Three of our best fosters, Sherry, Robyn and Hugh, are fostering PYRS from the Florida hoarding case. These PYRS will take months for recuperation and socialization and the way these three GPRA families immediately stepped up was heroic. Below are current pictures and comments by the fosters on their situation and progress.

We have so many PYRS needing rescue that we have been forced to put a hold on intake as we have 10 in boarding awaiting foster families. The Florida hoarding case is impacting some of our top fosters over a long period. We have easy PYRS that just need TLC and Jenny will work with you to make certain you have a family positive experience with a Gentle Giant in need. No PYR deserves to be in boarding for a long duration. If you want to make a difference, please [contact us](#) or complete a [foster home application](#).

Thank you,
