GPRA Update 8/14/2019

Dear Great Pyrenees Friends,

We hope all are having an excellent summer. We continue to take in a record number of PYRS and there seems to be no end in sight. It's amazing how many are out there and more amazing how our group is accommodating so many and placing them in outstanding forever families.

We have more good looking young Gentle Giants than ever but also a top ten list of PYRS we have had longer than we would like. Included is our longstanding Willow who has been trained, is great with people but needs to be an only dog with a little property.

As always, we need fosters and Jenny will match you with a PYR to remember!!!

Thank you for all your support.

Thank you,
John
