

The Pyrenees Post...

spreading the word about the Southeast's best kept secret.

GPRA Update - September 11, 2017

Dear Great Pyrenees Friends,

Our rescued Gentle Giants continue to flourish. Our famous Florida PYR McKinley, now Milton after his dramatic capture, is coming along nicely and living with our trainer Scott. He is becoming much more comfortable around humans but we have not yet set a date for his release to join a foster or forever family. He is being treated for lyme's disease and will make a full recovery. He is a beautiful submissive PYR that is gaining confidence every day. Please let us know if you have an interest in adopting him.

Meanwhile, Malia's puppies just turned 5 weeks old and are beyond adorable. Sherry and Mike have done a remarkable job nurturing the 3 girls and 4 boys and we think Dr. Bonny will release them at 10 weeks. We have not posted them on our website yet and they will go very fast once we do. Let us know if you have an interest in adopting one...or two!!!

Nine year old Memphis is like a new man since living with Hugh. The emaciated video we had of Memphis barely able to stand is but a distant memory.

We cannot thank our many passionate fosters enough but we need more as the flow of Great Pyrenees orphans is never ending. Similarly, our success stories are continual as evidenced by the latest adoption of Blue. Collette did an amazing job fostering Blue who arrived as a big happy and deaf PYR that was just adopted into a wonderful forever family in Orlando Florida. We really need fosters for [Snow White](#), [Trooper](#), [Errol](#) and [Molly Dee](#).

Thank you for your continued support of GPRA.

Video of Milton on his way to the Vet

Look at Milton now!!

(from Rucker Dog Training)

It's taken some time to get this big guy here but I'm very proud of the progress he's made. A couple of weeks ago he wouldn't even walk on a leash and tried to avoid human interaction. He's walking on a leash well now, sitting, laying down and learned place. Way to go Milton. He's was excited to see his friends from GPRA over the weekend for his walk.
