## *GPRA Update - September 21, 2017 - Rendy*

Dear Great Pyrenees Friends,

Rendy was found laying on the side of the road by a good samaritan and his kids on the way to school. The man picked him up and brought him to the local shelter. We were then contacted and, of course, brought him into our rescue. We knew his hind leg was injured with what we thought was a fractured leg. What we discovered was Rendy was terribly underweight at 66 pounds, heavily matted, scared to death, had a fractured pelvis and a hip dislocation requiring surgery. Oh, he was also heart worm positive. Dr. Corse will be performing surgery on him tomorrow. And magically, Lauren and Madeline at VCA Pets are People Too Roswell toiled and did a remarkable job getting the matts out so Rendy did not have to be shaved down. Rendy will be yet another success story as GPRA treats him and loves him to his potential and will ultimately find him the perfect forever family. Actually, the perfect forever family will find him.

Malia's 7 puppies will be adopted on October 7th at adoption day.

GPRA has a true working board of directors. Heather, Dee, Jenny, Marla and Rich spend an inordinate amount of their time "getting their hands dirty" as they get personally involved with every PYR that enters our rescue. They and their teams do the "heavy lifting" to make GPRA the success it is. We owe them an enormous THANK YOU.

GPRA will be participating in the December 2nd annual Childrens Healthcare of Atlanta Christmas Parade as our "polar bears" will be leading Santa on TV. More to follow and we look forward to having your Gentle Giant in the parade.

Jenny needs more fosters!!!

Thank you,  
John Heldrich
