

The Pyrenees Post...

spreading the word about the Southeast's best kept secret.

GPRA Update 3/30/2020 - Coronavirus

Dear Great Pyrenees Friends,

In the current coronavirus crisis, we continue to rescue and adopt out our PYRS. We are following guidelines resulting in limited human contact and always at the required distancing. This past weekend we brought in a mother and her 2 month old son that were found in a ditch. Marissa and Nolan were in rough shape with mange and are now in isolation and are already improving. We are doing virtual visits instead of home checks with perspective adopters and are meeting adopters outside, often at PetLodge Resort, and actually experienced 3 successful adoptions this past weekend.

We have already rescued 95 Gentle Giants this year, double our normal rate, some with challenging medical issues. Our intake, transport, medical, foster, dog walker and adoption teams have been beyond phenomenal. They are truly inspirational.

Sabine stepped up once again and is fostering Snowy and her six new puppies. She has literally saved the life of Maurice, the runt of the litter, bottle feeding and keeping a heating blanket on him through the nights.

We will see through this crisis as the human spirit will defeat all odds.

Stay healthy.

Thank you,
John
GPRA President and Founder

Snowy and her Crew

Maurice
