

# The Pyrenees Post...

spreading the word about the Southeast's best kept secret.

## GPRRA Update – Fosters Needed March 1, 2021

Dear Great Pyrenees Friends,

We continue to rescue Gentle Giants at a torrid pace. We have rescued 65 PYRS in January and February and have a lineup waiting to come in. We are also adopting out at a record pace as our team continues to do an extraordinary job handling so many PYRS over this time frame.

We have rescued multiple PYRS this year that required surgeries and we are happy to report that Zeus and Thor are doing well post surgery. Thor has already been adopted by a wonderful family.

We try to keep our PYRS in boarding at 5 or 6 as the sooner they can get TLC in a foster home, the sooner we can adopt them out to their forever homes. We currently have 17 being boarded, with 4 planned to go to fosters in the next couple of days. Most of those in boarding are laid back easy PYRS that desperately need a family environment. Please consider fostering short term as we have adoption applicants just waiting for evaluations so we can recommend the right PYRS to the right families. Jenny and Shawna will make sure those stepping up to foster will have a positive experience. [Click for Foster Application](#)

We end our communication with a picture of the 4 puppies we have just rescued as we hope this puts a smile on your face.

Thank you to our hard working GPRRA team and to all of you that support our purpose.

Thank you  
John  
GPRRA President and Founder

Upcoming Adoption Days

To be scheduled once the Coronavirus threat subsides.

Meet n' Greets for approved applicants are available
