GPRC Update – June 10, 2022

Dear Great Pyrenees Friends,

We are experiencing surrenders like we have never seen. This coupled with an adoption slowdown has resulted in full fosters, full boarding and a long list of PYRS waiting to be accepted into our program. We suspect this is pandemic related as people are surrendering their dogs as they go back to work or are having financial difficulties.

We usually have one or two "bonded" pairs of PYRS but currently have SIX with multiple additional pairs looking to come in. The pairs we have are WONDERFUL and our dog walkers and fosters rave about their personalities and their attachment to each other. Sabine is keeping Katori and Millie as permanent GPRC fosters but the other five pairs are available. Please check them out and consider adopting. [Available Dogs](#) Lenny and Sadie are a 2fer and the other pairs are adopt one and get the second for half fee. As always, we have spent significant funds making all healthy as surgeries and heartworm treatments are complete. Your family will love these pairs.
