

The Pyrenees Post...

spreading the word about the Southeast's best kept secret.

GPR Update - July 13, 2022

Dear Great Pyrenees Friends,

We continue to get multiple surrenders daily. Some cases are heartbreaking and our remarkable group is doing all possible to accommodate those that are in the greatest need. In the midst of this we were surprised with 7 beautiful puppies named after the Frozen movie. Lauri and Bob are fostering the family and they will go quickly.

Our intake director, Sabine, is one of those special people that also has a special family. Sabine and her family gave our Katori a wonderful life until he recently passed over the rainbow bridge. Now her family has adopted Atticus, our first ever albino puppy. He is already spreading joy. He needs to wear goggles and sunscreen to protect his eyes and skin when outside.

We have some outstanding PYRS - Boo Boo, Sasha, Bonnie, Clyde, Shasta and Sanibell - that we have had too long and our fabulous walkers have indicated these Gentle Giants are ready for their forever homes. Our boarding is full, our fosters are stretched and we desperately need more fosters so we can bring in the many PYRS in need.

Thank you to all that continue to support GPR and our mission to save as many PYRS in need as we can.

John,
GPR President and Founder

Katori remembered

Atticus
