GPRR Thanksgiving Match - November 1, 2022

Dear Great Pyrenees Friends,

Thank you to those that have already donated. We are making great progress, let's keep up the good work. Your help is definitely needed more this year than ever. Please click [HERE](#) to donate.

This week we share the very recent story of Coco. We received the below text last week. We immediately responded and already have Coco in our custody. We share this to demonstrate the speed and caring our team displays on what is too often a typical GPRR rescue. Coco will be a different dog after our group administers TLC. His estimated age is around 5

The text: We are searching for a rescue for a beautiful senior dog named Coco. He's had a rough life. His owners were evicted and left him tied out to die. Neighbors were throwing food to him over the fence. He slept on a tarp under the house. I do not do rescue but I was able to locate him, find a sponsor and vet him. He can't stay with us much longer than a few days. We need him to go to a reputable rescue who will find him a foster and family. He needs slow heartworm treatment and consistent meals. He has low muscle mass and seems unstable from the lack of nutrition. He deserves a second chance at life.

Thank you,
John,
GPRR President and Founder
