GPRA Update - August 14, 2024

Dear Great Pyrenees Friends,

We wish we could report that surrenders are down and adoptions are up but we cannot. We are still inundated daily with requests to surrender. We are accepting only the most dire situations. These have ranged from shelter PYRS that were about to be euthanized to PYRS emaciated and tied for life to a tree to an owner that threatened to shoot his PYR if we didn't take him.

The good news is the PYRS we have rescued have been resilient and are actually terrific Gentle Giants. Our PYRS being adopted have gone to wonderful families with more exceptional families on the horizon.

Three of our PYRS have been in boarding way too long and need to be fostered but preferably adopted soon. Please look at Bo, Salem and Captain as they are really good PYRS.

I'd like to thank Lourdes for her years of dedication to GPRA. Lourdes is stepping away as Director of Adoptions to spend more time with her family and job but will continue to be involved with GPRA as needed. I am happy to announce that Debbie Johnston has accepted the important role on our board of Director of Adoptions and we will support Debbie in every way possible.

We have an important adoption day this Saturday at PetLodge Resort in Alpharetta from 10-12. We can't thank our group enough, particularly our adoption, foster and dog walking teams that provide so much time, love and compassion to our Gentle Giants in need.

Thank you for your ongoing support.

John,
