spreading the word about the Southeast's best kept secret.

## GPRA Update June 2025

Dear Great Pyrenees Friends,

We are once again taking in record numbers of needy Gentle Giants, including blind Mo and Suzy Q with mange. Both are sweethearts.

I cannot overstate how exceptional our volunteers and board are. We have so many amazing examples of heartfelt rescues, but one of our members is often at the center of countless inspirational rescues. We wanted to take a moment to recognize Sabine, our intake director and trainer. With the help of her family, **she has fostered 308 PYRS** since joining GPRA!

This has included 14 litters with their Moms, with 6 of the litters birthed at her home. Also 25 different orphan puppy litters, with 7 of the litters needing to be bottle fed. This usually meant 3-4 hour feedings through the night, which of course means limited sleep. Thanks to Sabine and all our GPRA volunteers that spend countless hours saving the best breed in the world.

I also wanted to mention that the incredible bonded pair, Sophie and Howl, are ready for adoption. There is not a better pair of PYRS that we have rescued.

Thank you all for your continued support of GPRA.
